

LEXI MCKAY

Declinations, Lexi! Appreciate you managing the laws in our Universe and looking forward to you shaping this apprentice's Universe!

We met at Psychodramaturgy and I'm so honored to have read as my namesake in THE DISCHARGED TRUTH. Also, I believe you were present at the Equitable Dinners. I'm aware that Lee Osorio runs those, too. And Candi Dugas's FAR AWAY FROM HOME? As you may know Liz Dooley and I get excited about people who like this generation's media (such as ATLA). And like much of this artistic generation, we must balance a lot of things. So, it's okay if you cannot complete a task that is sent your way. I'm just fortunate that there is squad in this (often lonely) musical developmental process. [Thank you, Amber!] Looking forward to getting to know you as a person and Galaxy! :)

These are listed if you ever need my resources to build a larger brain trust:

Connections

[Musical Theatre Factory](#) (community of musical writers generally in New York)

[Story Collider](#) (community of scientists who write or writers who write about science)

Advanced Skills

Physics-related Subjects (B.S. Astrophysics | Sigma Pi Sigma)

BENCHMARKS (cont.)

Apprenticeship Project Presentation / Reading (tbd)

1. The first draft will be completed by March.
2. The second draft cuts three musical numbers, “Depth” and “Superheated” and “Accretion.” Singularity goes into a coma after the Big Bang, rather than awaken in the first draft.
 - The running time is estimated to be 2.5 hours.
